Upward Bound provides fundamental support to participants in their preparation for college entrance. The program provides opportunities for participants to succeed in their pre-college performance and ultimately in their higher education pursuits. The goal of Upward Bound is to increase the rate at which participants complete secondary education and enroll in and graduate from institutions of postsecondary education.

Join Team Renaissance and our **College Access Coaches** to learn more about the Renaissance Upward Bound Program, the services the project provides, and how to apply during a formal information session.
